

SHREWSBURY ABERYSTWYTH RAIL LIAISON COMMITTEE
NOTICE REGARDING CLOSURE OF SHORT PLATFORM STATIONS
FOR A PERIOD FROM MONDAY 6th JULY 2020

Transport for Wales have issued the following information:

Several Welsh stations are to lose train services for a "short time" because their platforms have raised social distancing concerns.

They are either too short or too curved to allow the opening of two train doors, Transport for Wales (TfW) said.

Services will no longer stop at the following stations from Monday 6th July 2020:

Llanaber
Llanbedr
Llandanwg
Ty Gwyn
Abererch
Llanfairpwll
Valley
Conwy,
Gilfach Fargoed
Sugar Loaf
Prees
Hopton Heath
Yorton
Earlestown

A TfW spokesman told the Local Democracy Reporting Service risk assessments had found two train doors had to be in operation to allow a safe distance between customers and conductors.

A TfW spokesperson said the safety of its customers and staff was its top priority.
